Admission Notice (Academic Year 2014-15)

Mahindra École Centrale (MEC) offers a multi-disciplinary B.Tech programme in engineering education in partnership with École Centrale Paris - a nearly 200 year old French Engineering Institute and Jawaharlal Nehru Technological University Hyderabad. The program will develop students with the unique ability to adapt to global engineering challenges and new technologies that would shape the future and create professionals with the ability to master the complexity of multinational organizations. MEC (Mahindra École Centrale) provides a world-class infrastructure to support a strong research program in the thrust areas such as Energy, Environment, Communications, Computing, Transportation, and Materials.

The MEC vision is to train engineers, both men and women, to be entrepreneurial and innovative as well as technically trained, so that they are capable of meeting the greatest engineering challenges of their era.

Key Features:

- A truly international program with a focus on the natural and engineering sciences
- Environment of unique cultural immersion of Participants, faculty and staff
- International Exchange Program with mandatory internships
- A research-driven program with close links to industry
- Inter-disciplinary approach with a blend of Humanities, Social Sciences, Management and Philosophy.
MEC offers a full-time, four-year engineering course leading to a B.Tech Degree* in varied disciplines (multi-disciplinary) including Computer Science & Engineering (CSE), Electrical & Electronics Engineering (EEE), Mechanical Engineering (ME), Civil Engineering (CE) with thrust areas including, but not limited to, Energy, Environment, Communications, Infrastructure, Transportation, Materials, and Defense.

*NOTE: Students will have the option of continuing their education for the fifth year. On completion of five years, the program will be certified by French authorities and also be recognised as a dual B-Tech & M-Tech Degree in India.
